WHOLE CHICKENS	WHOLE TURKEYS	STEAKS	BURGERS	RACKS OF RIBS	EARS OF CORN	SUCKLING PIG	25 LB SALMON

The Primo XX-Large is the biggest grill we build. It offers our largest cooking area — 500 square inches, expandable to 850 with the optional rack system — and the patented oval shape delivers exceptional cooking efficiency and true two-zone cooking. There is room for 10 whole chickens, 12 racks of ribs or 3 whole turkeys at once.

Available as "grill only", as an All-In-One with cradle and fold-down side tables (shown above), or with the Grill Cradle, Compact Cypress Grill Table or Countertop Cypress Grill Table.

Why families choose Primo

Made in the USA
The only ceramic grill made in America — built in Poplar Bluff, Missouri. 4 out of 5 Americans prefer USA-made.

Grill, bake, roast or smoke
Works like a grill, an oven, a roaster and a smoker — from steaks to bread to brisket.

Patented oval design
Two true cooking zones — sear on one side while you roast low and slow on the other.

Amazing flavor
Ceramic plus 100% natural lump charcoal means juicier food and true wood-fired flavor.

Width at base	22.5”	57.15cm
Depth	23.75”	60.33cm
Lid height	14.25”	36.20cm
Base height	17.75”	45.09cm
Overall height, lid closed	32”	81.28cm
Overall height, lid open	42.875”	108.90cm

CLEARANCES

- 12” (30.48cm) of clearance is required behind the grill to open properly.
- A minimum of 2” (5.08cm) of clearance is required around the exterior surface of the grill.

BUILT-IN CUT-OUT

For island and outdoor-kitchen installations · grill head only · rear of grill at top

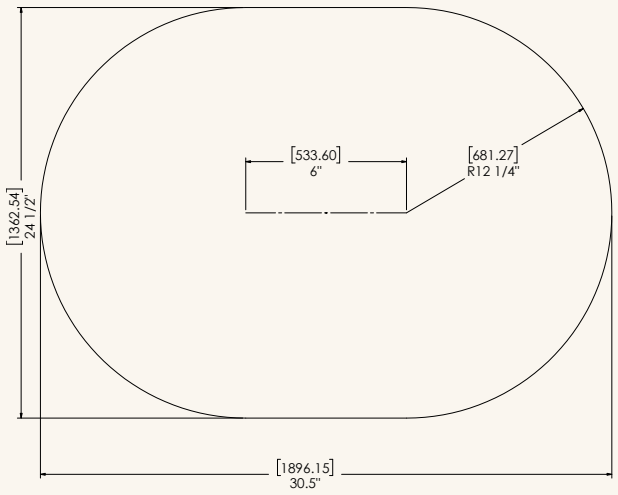

FIG. A Standard cut-out — plan view

Shelf depth 13⅛” (33.34cm) below top surface

FIG. B Elevation — top surface to supporting shelf

Shelf depth is measured from the top surface of the countertop down to the supporting shelf.
Do not scale these drawings — confirm against the current cut-out templates and the grill on site before cutting.
